- Promoting Self-directed learning via our SS English Channel on our school website – Everyday English & One-minute English

As in learning other languages, the key to success is the time you spend on it. Language learning requires constant exposure to the targeted language, otherwise there can be little progress. Our school organises various English activities with this fact in mind, and with the aim of creating an English rich environment to provide students with more exposure to the language.

Learning English in Salesian English School is
FUN FUN FUN!
